Misses Margaret Cooper and Sadie Muldrow of Sumter County, are visiting at Mr. Frank Lechicotte's on Pawley's Island.

Mr. J. R. Mathis, of Spring Hill, was in the city Friday, and placed us under obligations for a sample of his fine peaches.

Mr. J. W. Crosswell is buying cotton this season at Elliott, S. C., for Messrs. Sprunt & Son. He opened the market there on Monday at 3¢.

The Carterville correspondent of the Florence Times says: Mrs. Martha Brinkley and her charming daughter, Miss Belle, are visiting Mrs. M. E. Hara.

Dr. J. C. Spano was in the city Friday. He says that the rain at his place Wednesday night was very heavy, and that the roads and fields were badly washed.

Prof. D. L. Rambo came home Friday night to visit his family. He is teaching the summer school at Florence, and has about sixty teacher pupils in attendance.

Mr. and Mrs. A. A. Strauss, of Mayeville, arrived home Friday night from the Paris Exposition and other points in the old country. They have been in New York for the past two weeks.

Congressman J. W. Stokes was in the city Wednesday and Thursday nights on his way to and from the Lynchburg meeting; but being not quite well did not stir around to any extent, and returned home.

Mr. Perry Moss returned home Friday night from Wadesboro, N. C., where he has purchased for the Atlantic Cotton Seed Oil Company 100 acres of land and located on a part of it the site for an oil mill, the erection of which is to be commenced at an early date so as to be ready for next year's crop.

Mr. Horace Harby who has been sick for several weeks, went to New York on last Saturday for special treatment. His many friends hope for his early recovery and return home. He has been heard from since reaching New York and reports having stood the trip well and was feeling better.

Mr. J. T. China our most efficient and highly esteemed union ticket agent left Monday afternoon for an extended trip to Washington, Baltimore, Philadelphia, New York, Niagara Falls, and other northern points. He will return via Asheville, N. C., where he will spend a few days among old acquaintances. We wish for him a pleasant and profitable trip, and hope to see his face in our midst again soon. Mr. Z. T. Barbee, of Orangeburg, S. C., will act as ticket agent during Mr. China's absence.

Miss Annie P. Ewell is in present in Stratford, Conn. She will return to Sumter the latter part of September to receive pupils and be ready to open the Sumter School of Music on October 1st.

Mrs. H. R. Mitchell and children, of Savannah, Ga., have arrived in the city on a visit to relatives.

Misses Salie Jones and Trudie Plowden have gone to Dudley, in Chesterfield county, to visit relatives.

Miss Lucy Skinner, of Sumter, is in the city on a visit to her sister, Mrs. D. B. Trapp.—Florence Times.

Miss Glennie Biggs, who has been visiting friends in Sumter, has returned to her home in Florence.

Mrs. H. R. Hammond and Miss Edith Quincy, after spending two weeks in Charleston, have returned to the city.

Dispensary Inspector Stansell was in the city last Wednesday and checked over the stock in the county dispensary. He found everything correct in stock and in cash.

Sarah Mickens, colored, of the Spring Hill section, was brought to the city and committed to jail last week, charged with infanticide.

Small in size and great in results are Dr. Witt's Little Early Risers, the famous little pills that cleanse the liver and bowels. They do not gripe.—J. S. Hugbison & Co.

Small change has suddenly become very scarce, and today could be obtained only after considerable hustling around. The banks seem to be unable to relieve the dearth.

Owing to the sickness of Mr. Adolph Mannheim he was unable to open his restaurant and lunch counter on Liberty street as advertised that he would, on the 26th instant. Notice will be given when he is able to open.

Try poisoning, poison wounds and all other accidental injuries may be quickly cured by using DeWitt's Witch Hazel Salve. It is also a certain cure for piles and skin diseases. Take no other.—J. S. Hugbison & Co.

A new gloriery on the latest improved system has been started this season by Mr. Wm. D. Frierson at his place near Stateburg. Cotton is handled rapidly and economically by machine.

The committee appointed by the City Council to confer with the Water Company in reference to the lack of pressure at some of the fire hydrants should attend to the matter immediately. Ward 2, is one of the most thickly populated in the city and we believe has fewer hydrants in it than any other.

The Chinese ask "how is your liver?" instead of "how do you do?" for when the liver is active the health is good. DeWitt's Little Early Risers are famous little pills for the liver and bowels.—J. S. Hugbison & Co.

One of the most appreciated improvements that the city has made lately, is the large troughs that have been placed at the drinking fountains, for the watering of horses. They afford an ample supply of water at all times, which has not been the case heretofore.

Unless food is digested quickly it will ferment and irritate the stomach. After each meal take a teaspoonful of Dyspepsia Cure. It digests what you eat and will allow you to eat all you need of what you like. It never fails to cure the worst cases of dyspepsia. It is pleasant to take.—J. S. Hugbison & Co.

The wind storm was quite severe in Manchester township yesterday afternoon, and several buildings were blown down. On Mr. Ford Levi's place a large new barn and two small tenant houses were blown down, and it is reported that other damage was done.

The annual excursion from Charleston to the mountains passed through last Wednesday. There were two sections of the excursion, one going to Asheville, the other to Walhalla, the latter carrying a large crowd to attend the semi-centennial of the founding of Walhalla. The regular train also carried a large crowd of excursionists to the mountains and quite a number from the Pee Dee section joined the excursion here.

A good rain—the first in three weeks—fell in the city Wednesday night. The cloud came from the northwest, and the indications were for a good rain in all the upper part of the county. From persons in the city today, from several miles below town, it was learned that the rain was lighter there than here.

Mr. S. H. Ramsey, of Stateburg, who was here today, says he had a good rain, and that while places on this side of him have had an abundance of rain up to three weeks ago, this is the first good rain he has had in two months.

All who suffer from piles will be glad to learn that DeWitt's Witch Hazel Salve will give them instant and permanent relief. It will cure eczema and all skin diseases. Beware of counterfeits.—J. S. Hugbison & Co.

Dr. Maxey Lee, who killed his father in Darlington County and was recently convicted of murder, with a recommendation to mercy, was taken to Columbia Wednesday to begin a life sentence in the penitentiary.

The spectacle of a white man handcuffed and under guard on his way to the penitentiary is an unusual one and excited no little interest and comment while he was waiting at the depot for the Columbia train.

Reports show that over fifteen hundred lives have been saved through the use of One Minute Cough Cure. Most of these were cases of grippe, croup, asthma, whooping cough, bronchitis and pneumonia. Its early use prevents consumption.—J. S. Hugbison & Co.

Chief Bloom of the Fire Department says that as soon as the action of council as to the fire hydrants was placed in his hands, he began to look into the matter, and that he will give it as prompt as thorough attention as possible. There are other matters in the fire department, also, he says, that he is looking after, and that it is his purpose to have the department up to the highest standard of efficiency possible.

Chief Bradford on last Friday captured Amos Williams who with two others, Wm. Brunson and Tom Wilson, escaped from the chain gang last May. He was again put to work at 1 o'clock that day. They were each sentenced to a fine of \$5 or ten days work for gambling, cursing and disturbing the peace. Wilson returned soon after making his escape and paid his fine, but Brunson is still at large. When Williams gets through with this sentence he will be detained on another warrant for non-payment of street tax.

Neglect is the short step so many take from a cough or cold to consumption. The early use of One Minute Cough Cure prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it and mothers endorse it.—J. S. Hugbison & Co.

Coroner Moss held an inquest yesterday over the dead body of an 18 months old negro child that was drowned in a well Sunday afternoon. The accident happened on the place of Isaac Bland who lives near town. The child was his grandchild. The verdict was that the child came to its death by accidental drowning.

Coming Marriage.

Cards have been issued announcing the marriage of Miss Hattie Ryttenberg, daughter of Mr. and Mrs. Harry Ryttenberg, to Mr. Isaac Calhoun Strauss, son of Mr. and Mrs. A. A. Strauss, of Mayeville. The happy event will take place at the Jewish Lecture Hall, corner Church and Republican streets, in this city, on Tuesday evening, September 4th next. Both the contracting parties have many friends here who wish for them every happiness.

DEATH.

Lea, the seven year old daughter of Mr. Charlton Mayne, died Monday night at his home in Mayeville. The funeral took place at 5 o'clock yesterday afternoon.

The announcement of the death of Miss Bessie Gillespie, was a surprise to almost all of her many friends in the city, as but few knew of her extreme illness. Her death occurred about 8 o'clock Thursday morning at the Baker & Dick infirmary, from heart trouble from which she has been a sufferer lately. She returned about a week before from the mountains where she went some weeks previously for the benefit of her health, and not being improved went to the infirmary for treatment. She was the second daughter of the late Samuel Gillespie, and was only about 18 years old.

Miss Tillie Flud, died on the 21st instant, at the home of her brother Maj. W. R. Flud, near Stateburg, after a short illness. The burial took place on Wednesday afternoon, the 23d, at the Church of the Holy Cross at Stateburg.

Miss Lona Edens, the oldest daughter of Mr. W. T. Edens, died on last Saturday at his home on Manning avenue. The funeral services took place Sunday afternoon at the Second Methodist Church.

The Church's Hospitality.

"Every Church should have a committee of ladies able and willing to call upon new comers in the congregation," writes "A Minister's Wife," in the September Ladies Home Journal. These ladies should be attractive personally and socially, and the minister's wife may or may not be a member of this committee; she should not be its chairman. This committee should be organized quietly by the minister, should remain as nearly unknown as possible, and should ever be referred to from the pulpit or in any Church publication. If it is, half of its efficacy will depart. There should be a committee on hospitality in every church—particularly if the church is large—whose business it is to welcome the visiting clergyman, the lecturer, the evangelist, and provide for him suitable entertainment elsewhere than at his minister's house, unless the minister has expressed a wish to receive and entertain such a guest."

A Half Loaf Better Than None.

Mr. Editor: As there seems to be yet some disturbance about the bicycle and the sidewalks, I would suggest rather than be put off the sidewalks, and our wheels become useless we ask council to keep the money, and fix up the sidewalks and allow us to ride on the south end west sidewalks in the city. As I understood it a great many of us doubted, or rather thought there was a doubt, about the badge tax being law, but preferred to pay it rather than be forced to ride in the middle of the streets, for, without doubt, the city can say where we can and cannot ride.

Respectfully, A Rider.

Natorium Notes

On Sunday the natorium was not open, but on Saturday night the management turned on the water to test the pool and the consequence was that free bathing was permitted on Sunday. It was estimated that between three and four hundred people bathed that day.

Little Lonnie Vogel has been engaged, out of the many applicants, as clerk. The Natorium hours are long, commencing at seven in the morning and lasting until ten at night, and on Saturday night till eleven.

Monday was the first day that the Natorium was open to the public, and the attendance was well over the hundred mark.

The hours of the Natorium will be as follows: From 7 a.m. to 1 p.m. ladies only; From 3 p.m. to 7 p.m. ladies and gentlemen; From 8 p.m. to 10 p.m. men only.

Dr. J. M. Woodley was in the city Friday with 5 boxes of cotton which he sold at 8.75. He says that the rain fall at his place on Wednesday night measured four inches, and that the electric display was unusually terrific. He also had a good rain last night—about one inch.

During the civil war, as well as in our last war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by A. J. China.

The election yesterday was not as exciting as some that have been held in Sumter within the recollection of most people but there was enough vim and push about it to make it interesting to others than the candidate. The interest centered largely in the contest for county offices, and little was to be heard around the polls and on the streets about the candidates for State offices. Col. Hoyt was by big odds the favorite candidate for governor and Senator Tillman's name was scratched quite extensively. His challenge has been accepted in this city and if other precincts were to treat him as Sumter has he would be forced to decide to stand for reelection or eat his words. The friends of the local candidates have been working around the polls all day and the unusual number of vehicles have been kept busy bringing in the reluctant voters.

Starvation never yet cured dyspepsia. Persons with indigestion are already half starved. They need plenty of wholesome food. Kolo Dyspepsia Cure digests what you eat so the body can be nourished while the worn out organs are being reconstructed. It is the only preparation that will instantly relieve and completely cure all stomach troubles. Try it if you are suffering from indigestion. It will certainly do you good.—J. S. Hugbison & Co.

Terrible Hailstorm.

The section of Stateburg township about the Frierson place, and across to Canfield and down to the Carzen place was visited by a terrible hailstorm Thursday afternoon. The hail extended from a mile this side of Frierson's up to 10 Puckey's, but the worst was about Frierson's. There the ground was covered several inches deep, and the groves were as large as a small hen egg. Cotton, both open and unopen bolls, was beaten from the stalks and vegetation generally destroyed.

Drowned in a Well.

Coroner Moss held an inquest yesterday over the dead body of an 18 months old negro child that was drowned in a well Sunday afternoon. The accident happened on the place of Isaac Bland who lives near town. The child was his grandchild. The verdict was that the child came to its death by accidental drowning.

June 25—v

THE BICYCLE TAX

Mr. Shore's Position in the Matter

In the report of Mayor's court proceedings Saturday was mention of the arrest of Mr. Shore for riding a bicycle without a tag, and that the hearing had been postponed until Monday.

It seems that it was a mistake as to the date, and that the hearing was simply postponed by understanding between the Mayor and Mr. Shore's attorney and will come up later.

In conversation with Mr. Shore he stated to the writer that he is opposing the bicycle tax because it is unlawful, and he does not think it good citizenship to submit to anything that is not right. Council tried the same thing four years ago and had to refund the money. At that time the opinion below was given by Judge Fraser, city attorney, and the city charter has not been amended since.

Mr. Shore says that when he was in council he moved to have the city charter amended, but it was not done. For the same reason the special tax on dogs, which he thinks a good thing, if lawful, was discontinued. Mr. Shore says that he is resisting the bicycle tax only because it is unwarranted, and because he thinks officials should not attempt to act beyond their powers.

The following is City Attorney Fraser's opinion:

Office of Corporation Counsel,
Sumter, S. C., June 22, 1896.

To the City Council of Sumter;
The following question has been referred to me: "Has the City Council a right to impose a License Tax on bicycles used on the streets and sidewalks of the city?"

The City Council is confined to the sources of revenue provided in the charter granted by the General Assembly. These are:
1st. A tax of \$1 and the school and interest tax on each \$100 of real and personal estate, except such is exempt by the Constitution.

2d. A special tax for the privilege of keeping and using for hire or profit vehicles drawn by one, two or more horses.

3d. A license tax on each show or exhibition within the city.

4th. A license tax on persons engaged or intending to engage in any calling, business, profession or occupation in whole or in part except teachers and ministers of the gospel. The bicycle is not such a vehicle as may be taxed as such, not being drawn by horses. The use of the bicycle is not a calling, business, profession or occupation.

My opinion, therefore, is that the bicycle should be included with tax return as any other property, but that no license tax be required for its use.

The city however has the right to regulate that use. Very respectfully,

T. B. Fraser,

Corporation Counsel.

Winthrop Scholarships

The following is the result of the recent examination for scholarship for this county for Winthrop College.
Misses Alice Cooper and Annie Keels won full scholarships, and Misses H. Moore and Tyson English, won the scholarships for one year.
